

Temporary Pick Up & Drop Off Area

Affected Bus Services

Transdev Service Routes 922 and 600, and CDC Victoria Service Route 606 will be the three bus services impacted by the Pride March event due to the road closures in this vicinity. Buses will re-route around the Midsumma Pride March event precinct. Buses will re-route from St Kilda Station via Beaconsfield Parade. The Transdev (922 & 600) diversion will not service stops 4610 or 4611 (see detailed map overleaf). For CDC Victoria Service Route 606, all stops between Elsternwick Station and Park/Mary Street will not be serviced.

Public Transport Victoria will install signage at all affected stops and update online communications. Altus Traffic Management will install signage at the temporary pick-up and drop-off area on St Kilda Road to alert passengers. All services will return to normal from 16:30 when roads open.
